## Just Like Gold Coin.

For more than fifty years  
has PERRY DAVIS' PAIN  
KILLER stood the test  
against all remedies prepared  
to eradicate pain, and today  
stands at the head of the list  
among the medicines that are  
so essential to keep at hand in  
the home.It is not a new fangle remedy  
nor do the proprietors lay  
claim to any wonderful revela-  
tion of the ingredients that en-  
ter into the manufacture of  
this ever popular remedy.It is perfectly harmless, you  
need have no fear of becoming  
habitually inclined to its use.For Colic, Cramps, Dysen-  
tery, Colds, and all painful  
affections, a few doses will cer-  
tainly give relief. You cannot  
afford to be without a bottle  
in the house.Your forefathers used it  
and found it beneficial.Why experiment with some  
remedy that is new and its effect  
on the system unknown?It has many rivals but no  
equal.The new 35c. size con-  
tains over double the quantity

## MISS PARLOA'S ADVICE.

How to Clean Carpets and Rugs and Pol-  
ish Furniture.Bits of soft, wet paper or damp bran  
strewn over a carpet are the best dust  
collectors when sweeping, and one of  
the first things to remember is always  
to sweep a carpet with the pile, not  
against it, and have a small pointed  
broom to ferret out the dust hidden in  
the cracks and corners. After sweeping a  
room a long handled broom covered  
with a cotton flannel bag should be used  
upon the ceiling and walls, using a  
downward stroke upon the latter. After  
the sweeping freshen the carpet by wip-  
ing with a cloth wrung from ammonia  
and water in proportion of two table-  
spoonfuls of household ammonia to four  
quarts of water. Rugs must be shaken  
first and then spread face down and  
beaten with a rattan, then turned and  
brushed, or, if one has no place to  
spread them, then hang over a line  
wrong side out and beat.There is an art in the manner of win-  
dow washing. Dust the windows thor-  
oughly before washing them with a  
woolen cloth and tepid water, and the  
best polisher for window glass is soft  
or crumpled newspapers, and use a wooden  
squeegee to get into the corners.Pure white castile soap should be used  
for the washing of paints, marks and  
stains being erased by the aid of very  
fine pumice stone.A compound for cleaning floors, tiles,  
furniture and many things is composed  
of 4 ounces of soap and a pound of bees-  
wax. Cut fine and put in 5 quarts of  
water, put over the fire and frequently  
stir until it is all dissolved. Then add  
2 ounces of sal soda and take from the  
fire at once. Stir constantly until  
the mixture is cool. This may be kept  
in a covered jar and used when needed.

## How to Make a Rice Dessert.

The iced rice pudding is most deli-  
cious made as a simple rice custard,  
frozen and served with preserved fruits.  
Boil a scant teaspoonful of nice Carolina  
rice in a double boiler with a quart of  
milk, half a cup of sugar and half a tea-  
spoonful of salt. When the rice is soft,  
take it up and stir in the yolks of 4  
eggs. Return the pudding to the fire  
and beat it hard for two or three min-  
utes. Add a pint of rich cream, and  
when the pudding is cold a teaspoonful  
of orange extract. Freeze the pudding  
and serve it on a base of golden orange  
jelly or with sweet preserved oranges or  
quinces heaped over it. It is also nice  
served on a low crystal platter with a  
wreath of whipped cream, tinted pink  
with preserved strawberry or raspberry  
juice.

## How to Avoid Billiousness.

Some people go so far as to believe  
that the absence from our menus of  
plenty of green vegetables and salads  
accounts for the biliousness of the  
American people. The best known of  
such plants are lettuce, beet tops, dan-  
dion, kale and spinach, but there are  
many other palatable and healthful  
plants that, though rarely used, might  
add a pleasant variety to our list of  
available vegetables. One of these,  
"winter cress," or *Barbarea procera*,  
which is sold in large quantities in the  
Washington markets, is planted in late  
summer or early fall and needs very lit-  
tle cultivation. Another plant that be-  
long to the spinach and beet family,  
though it is a common weed in fields  
and gardens in nearly every part of the  
United States, is "lamb's quarters," or  
*Chenopodium album*. It is in many  
places commonly known either as pig-  
weed or goosefoot, but it is not the true  
pigweed. The plant has a pale bluish  
green color, and it used when six or  
eight inches high is tender, juicy and  
pleasant to the taste. The teasing weed,  
the common garden "pursley," or "pur-  
slane," when boiled is also recommended  
as a most palatable green vegetable  
and can easily be had. In India, where  
it originated, the plant has been used  
for hundreds of years. In Europe it is  
used both as a pot herb and for salads.

## BY POLICE AT CALLAO.

Inquiry here confirms the story com-  
ing from Lima to the effect that the  
State Department has lodged a de-  
mand with the United States charge  
of legation at Lima for the release of  
the mate of the American bark "Uncle  
John." He was ashore on December  
19 last at Callao, and was arrested be-  
cause of his constant demand for "Rain-  
ier Beer." On tap or in bottles at the  
Criterion Saloon.
